

Application for Equivalence Assessment of the Qualifying Undergraduate Degree for the Master Program Additive Manufacturing

Name, first name:

Address:

Phone:

Email:

Please attach the following documents to this application:

- Degree certificate or official transcript of records (including ECTS or credit points)
- Curriculum plan and module handbook
- Confirmation of internships or practical semester

Details of prior degree / undergraduate qualification

The degree has been:

☐

completed

☐

not yet completed

(Expected) date of graduation:

(MM / YYYY)

The degree was / will be obtained at:

(university, City, Country)

Degree program:

(title of the study program)

Type of academic degree awarded:

Standard period of study:

(semester)

Total credits / ECTS obtained:

(credits / ECTS)

Average duration of one semester:

(weeks)

Details of academic achievements

Field of mathematics, natural sciences and technology

Subject Area – Mathematics

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

Subject Area – Natural Science

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

Field of mathematics, natural sciences and technology

Subject Area – Engineering Mechanics and Fluid Mechanics

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

Subject Area – Materials Science

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

Subject Area – Design Engineering and Machine Elements

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

Subject Area – Thermodynamics

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

Subject Area – Production Technology

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

Subject Area – Electrical Engineering, Computer Science, Measurement Techniques and Control Engineering

Title of completed exam (as per transcript of records etc.)

Credit / ECTS points

- Please provide the academic achievements from your undergraduate degree for each subject area. Be sure to ensure content equivalence!
- Enrollment requires proof of six weeks of practical work experience!

Recognized industrial internship or vocational training (in accordance with the valid internship regulations of the bachelor program)

- ☐ completed (proof of at least 6 weeks is attached)
- ☐ not present

Industrial firm / enterprise	weeks
